

GENERIC PREVENTIVE DRUGS BY CONDITION

July 2015

The list below includes the most commonly used preventive generic medications, organized by condition. The certain conditions include diabetes, asthma, heart disease, high cholesterol and prenatal nutrient deficiency. *Please note, this list is not inclusive, and is subject to change.* You can visit the Prescription Drug Price Quote tool on **myCigna.com** for access to information on all medications.

Health care reform and you

The Patient Protection and Affordable Care Act (PPACA), commonly referred to as “health care reform,” was signed into law on March 23, 2010. This important legislation will result in changes to every American’s health coverage. Some of the changes took effect in 2010, and most of the law’s effects will be felt by 2014.

Cigna will comply with all provisions of the law including those that impact your pharmacy coverage plan. For example, depending upon the final government regulations, coverage for medications that have not traditionally been included in pharmacy plans, such as specific over-the-counter (OTC) medications, may be made available at no cost share to you. As with all covered medications, we would require a prescription

from your doctor to process the claim under your pharmacy plan (including OTC medications).

To get the most current information, visit **InformedOnReform.com** or **myCigna.com** and look for the “Informed on Reform” link.

If you have any questions

Remember, this list is just a sample of the most commonly used medications, and is subject to change. You can use the Prescription Drug Price Quote tool available on **myCigna.com** to see and compare the prices of all medications covered under your plan. Or, you can call the number on the back of your ID card to speak with a customer service representative at any time.

Together, all the way.SM

Cigna reserves the right to make changes to this drug list without notice. Your plan may cover additional medications; please refer to your enrollment materials for details. Cigna does not take responsibility for any medication decisions made by the doctor or pharmacist. Cigna may receive payments from manufacturers of certain preferred brand medications, and in limited instances, certain non-preferred brand medications, that may or may not be shared with your plan depending on its arrangement with Cigna. Depending upon plan design, market conditions, the extent to which manufacturer payments are shared with your plan and other factors as of the date of service, the preferred brand medication may or may not represent the lowest-cost brand medication within its class for you and/or your plan.

"Cigna" and the "Tree of Life" logo are registered service marks, and "Cigna Home Delivery Pharmacy" and "Together, all the way." are service marks of Cigna Intellectual Property, Inc., licensed for use by Cigna Corporation and its operating subsidiaries. All products and services are provided by or through such operating subsidiaries and not by Cigna Corporation. Such operating subsidiaries include Connecticut General Life Insurance Company, Cigna Health and Life Insurance Company, Tel-Drug, Inc., Tel-Drug of Pennsylvania, L.L.C., and HMO subsidiaries of Cigna Health Corporation. "Cigna Specialty Pharmacy Services" refers to the specialty drug division of Tel-Drug, Inc. and Tel-Drug of Pennsylvania, L.L.C., doing business as Cigna Home Delivery Pharmacy.
