

CIGNA MED PHARMACY

A prescription drug program that integrates with your medical plan.

With this program, you will have access to both pharmacy discounts and electronic claims processing at over 62,000 participating pharmacies across the country, as well as a best-in-class home delivery drug program.

How Med Pharmacy works

Present your ID card to the pharmacist to receive discounts on your prescriptions. When you go to a network pharmacy to fill a prescription, what you pay will be determined based on your plan structure and the amount of your annual deductible, the amount you pay before your plan starts to pay. Once your deductible is met, you will only pay a portion of the discounted price, specified by your plan's applicable copay or coinsurance level. If your plan allows, you may access your Med Pharmacy benefits through Cigna Home Delivery Pharmacy.

Cigna Home Delivery Pharmacy

When you choose Cigna Home Delivery Pharmacy to fill your prescriptions, you can take advantage of the following.

- › Licensed pharmacists available 24/7
- › Up to a 90-day supply in one fill
- › Standard delivery to your home or other preferred location at no additional cost
- › Reminders to refill your prescriptions
- › Specialty medications (including those that require refrigeration and overnight delivery)
- › FDA-approved medications

What you should know about generics

With the same active ingredients at the same dosage and strength as brand-name drugs, generic drugs are just as safe and effective as higher-priced, brand-name medications. In fact, brand-name drugs may cost up to two-and-a-half times more than their generic equivalents. The U.S. Food and Drug Administration reviews and approves both brand-name and generic medications before they are marketed or sold in the United States.

For more information, call the number on the back of your ID card or visit myCigna.com where you will find a pharmacy locator, a printable Cigna Home Delivery Pharmacy order form, the prescription drug price quote tool and much more.
